

"MR. MULLIGAN'S" BIG BROTHER

# THE *Howard* DGA-15

"Six-Quarter" Scale Classic  
An all around Fun Model

## FAST - SMOOTH EASY TO HANDLE

The Howard DGA-15 was developed from the famous DGA-6, "Mr. Mulligan" Racer which won both the Bendix and Thompson Races in 1935 . . . only plane ever to win both. Remarkably similar to the race plane prototype, the Howard is noted for outstanding performance, ruggedness, and ease with which it is flown. The model fulfills all the qualities this great plane possessed.

### - MODEL FEATURES -
